Scan Display's Botswana branch has moved to new offices in Broadhurst, Gaborone. The exhibition and display specialist has been operating in Botswana since 1999 and the company's recent growth was the motivation for the move to bigger premises.

Scan Display Botswana's Sales Manager, Zaid Ramina, says the company is pleased to be able to offer its clients additional complementary services in its new premises: "The offices will house two large format printers, one indoor and one outdoor, as well as a laminate machine."

Scan Display's other branches are in Johannesburg, Cape Town and Durban. It has a network of distributors in Nigeria, Swaziland, Zambia and Namibia.
