

BMi Research creates seating areas for Ubuhle

Issued by [BMi Research](#)

1 Aug 2016

As part of BMi Research's ongoing CSR Initiative with the Ubuhle Care and Development Centre (www.ubuhlecares.org.za) in Bronkhorstspuit, staff members created bright seating areas for the children by using old tyres. To ensure that the BMi Research volunteers got their share of exercise for the day, they also played soccer with the children.

Ubuhle Care and Development Centre was founded in 2008 by local women and men who work on a voluntary basis. Ubuhle offers social care, pre-school and an English primary school up to level 3, after-school care, workshops and courses for adults, as well as some aid to develop new income sources to 200 families living in the rural area. BMi Research has been supporting Ubuhle Care and Development Centre since 2008.
