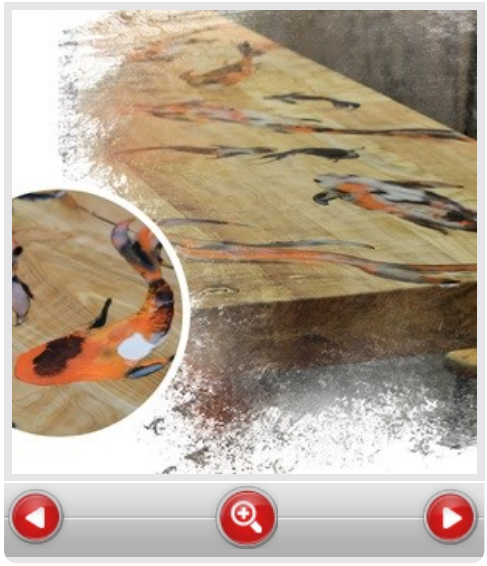
A tribute to your home

Issued by HOMEMAKERS

13 Feb 2017

There's no place like home. It's your pride and joy, the place that evokes a sigh of relief when you walk through the door, and where your heart is.



Find inspiration, advice, great new ideas, and thousands of products. The expo is packed with specials, deals, competitions, and features you'll find nowhere else. It's the perfect opportunity to browse, compare, and purchase all the things you need for your home and garden projects.

2017 sees the launch of the **Blue Label Wing**, a brand new and stirring exhibition space. No more up and down the stairs to visit your favourite stands. Now the entire show is on one level.

I Love Jozi

Who else will understand the true passion for Jozi than her residents? We will explore and discover some of Jozi's hidden secrets, gems and treasures!

We commissioned three of South African's top graffiti artists to bring to life and immortalise iconic Jozi landmarks. This larger-than-life project demystifies this art genre showing visitors how graffiti is used to combat inner city decay.

Make sure you don't miss this once in a lifetime experience!

Book Nooks

Sponsored by **Bargain Books**.

Bookworm or not, every one of us enjoys a great cookbook, autobiography or a bit more about your heritage at some point or another. If not the latter and you only read the occasional Roald Dahl to your kids, it still locks you into the category of reading.

This year we create a nook for every book... six themed nooks to inspire you to create your own in your home! Look out for great book competitions and wins!

Take It Outside

In South Africa we are spoiled with breathtaking landscapes and beautiful weather; love for the outdoors is second nature to us. *Take It Outside*, a budding new addition to the show, embraces this love for our gardens, patios, outdoor furniture and of course new and interesting things to enhance your outdoor living area.

Builders DIY Theatre & Interactive Zone

Taking things to the next DIY level? Absolutely! Find your inspiration at the theatre where DIY celebrities give you great advice and tips. Move over to the Interactive Zone and workshop some of Fired Earth's fantastic products.

The Market

For the real foodies out there! The Market brings together a tempting selection of gourmet treats, wine and locally produced delicacies. Everything you could possibly need to stock up your picnic basket.

The Workshop with Famous DIY Solutions
Like Keg, Tork Craft, Triton, Festool and Sawstop

Are you a “toolaholic”... Do words like circular saw, cordless drills, jigsaw blades, routing, chucks, grinders and sanders get you all excited?

Then make your way to The Workshop and try out some of the best tools available to creatives, DIYers and homemakers.

Make sure you see the special demonstrations on the SawStop machine, a machine that not only offers versatility but is the safest table saw in the world. With its patented flesh detecting technology it insures that you are safe *always*! Come and see this amazing machine in action.

Industrial Design Challenge

Hosted in collab with the **University of Johannesburg and Festool**. A serious industrial design challenge based on a compact and easy-to-use household drill. Come see how the University of Johannesburg students showcase their ingenious ideas for a functional yet beautiful must-have powertool.

Live by Design

We all love to be surrounded by beautiful things. The Live by Design feature contains all those must-have items your home wants in a unique and inspiring space.

If you’re thinking about renovating, building, or decorating, you need to visit the Johannesburg HOMEMAKERS Expo at the Ticketpro Dome from 23-26 February 2017.
