

Cornerstone Conference

Mark your calendars for July 17, 2024, from 08:30 to 16:00, as Cornerstone Institute presents a thought-provoking dialogue on the future of higher education. Our theme is "Higher education (HE) in a changing world: How do shifting contexts influence our work in HE, and how should we respond to them?"

We invite academics and researchers to submit abstracts on topics relevant to the conference theme and subthemes.
