

Account Manager/Account Director

please do not send me your CV - this is a job wanted advert

I am looking for a position in account management

I enjoy working with brands and campaigns. I have experience working with a wide variety of marketing solutions and have a good understanding of how to manage and market a brand. Through my career, I have built really great relationships with agencies and brands direct and am very good at relationship management and account management. I have strong admin skills and am a great team player as well as I have both B2B and B2C capabilities.

I understand the industry very well and am extremely passionate about the work I do. I am dynamic and innovative, I enjoy a challenge and learn quickly. I am looking very much for a place to call home where the working environment is thriving. I want to be apart of a team that is well rounded and would be very excited to add to the growth of the company

Skills
